

A close-up photograph of a child's face in profile, blowing on a dandelion seed head. The child's nose and mouth are visible on the right side of the frame. The dandelion is held in the child's hand, and its seeds are being blown away, creating a soft, hazy effect. The background is a lush, green, out-of-focus field of foliage. A semi-transparent dark band runs horizontally across the middle of the image, serving as a background for the title text.
